HOTTA MASAHIKO**(54) RECORDING PEN REPLACEMENT ERROR
CORRECTING DEVICE FOR PLOTTER****(57) Abstract:**

PURPOSE: To correct a positional deviation of a nib of a recording pen each time a desired recording pen is selected from a pen stock having a plurality of recording pens and grasped by a pen holder without increasing the cost by a simple structure.

CONSTITUTION: A plotter 10 has a pen stock 26 for storing a plurality of recording pens 20n, selects a desired recording pen 20n from the stock 26, grasps it by a pen holder of a carriage 12 and records an image on a record sheet by the pen 20n grasped by the holder, and comprises a nib position correcting jig arranged in a movable range of the holder. Each time the holder of the carriage 12 grasps the pen 20n from the stock 26, the nib of the pen 20n grasped by the holder is brought into contact with the jig, thereby correcting the positional deviation of the nib of the pen 20n.
